

Product code : 20233A

EMF'HYFRO 20233A

## DESCRIPTION

EMF'HYFRO 20233A is a copolymers water-based adhesive.

## AREAS OF APPLICATION

EMF'HYDRO 20233A can be used to make assemblies which need a good first setting.

## TECHNICAL DATA

Colour	Very light blue
Viscosity	Brookfield LVT / spindle 3 / 12 rpm : 2,200 ± 500 mPa.s
Density at 20 °C	1.05 ± 0.02
Conventional solids content (EN 827)	57 ± 3 %
pH	4 ± 1
Application temperature	15 to 30 °C (room temperature, adhesive and substrates)
Cold resistance	Not frost resistant
Cleaner	Water before setting

## ADVICE

See also material safety data sheet

## INSTRUCTIONS FOR USE

Substrates preparation :

The substrates must be flat, dust free and not have any traces of grease or other contaminants that could adversely affect the bonding performance.

Application :

Apply an even layer of EMF'HYFRO 20233A to both substrates with a brush, a roller or by spraying (in some cases one-way application is possible).

Assemble immediately and apply a good pressure in order to assure a full contact during setting.

Note : in case of PVC with a light colour, be sure before use of the absence of any risk of coloration after extended ageing (refer to our technical service if need be).

Cleaning :

Tools and smudges can be cleaned with water before drying.

## CONSUMPTION

200 to 250 g/m<sup>2</sup>

## STORAGE AND SHELF LIFE

12 months in closed original packaging stored between 10 and 25 °C

## PACKAGING

Plastic packagings : 25 kg buckets and 120 kg drums

## SAFETY

Not classified as hazardous. Read material safety data sheet.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired.

Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product.

Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.

The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
