

Product code : G0081A

NETTOYANT MOUSSE

DESCRIPTION

NETTOYANT MOUSSE is a product designed for removing uncured polyurethane residues of foams or adhesives. It is also designed for cleaning of foam spray guns and valves. Its excellent degreasing power allows to use it for preparing metal surfaces before applying PU or silicone sealants.

AREAS OF APPLICATION

NETTOYANT MOUSSE is a solvent mixture with propellant.

TECHNICAL DATA

Specific data	Solvent : acetone Propellant : propane + butane
---------------	--

ADVICE

See also material safety data sheet

INSTRUCTIONS FOR USE

Manual application :

Fix the enclosed spraying nozzle onto the valve. Spray the cleaner onto the fresh stains of PU foam or adhesive and remove stains with a clean cloth.

Gun application :

Unscrew the PU foam can from the gun. Press the gun trigger to remove foam residue.

Fix the enclosed spraying nozzle onto the cleaner valve and screw the cleaner can on the gun. Press the gun trigger several times until the gun is clean.

STORAGE AND SHELF LIFE

Minimum 12 months in closed original packaging stored in dry premises under 30 °C. It is absolutely forbidden to store NETTOYANT MOUSSE near a source of heat, fire or over 50 °C.

PACKAGING

500 mL aerosols.

SAFETY

Extremely flammable and harmful. Read material safety data sheet before use.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired.

Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product.

Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.

The information detailed in the present technical data sheet is given by way of indication and is not exhaustive. The same applies to any information provided verbally by telephone to any prospective or existing customer.
